

# Caregivers of Veterans Virtual Listening Sessions

VA

U.S. Department  
of Veterans Affairs

The VA Caregiver Support Program in conjunction with the Veterans Experience Office will host four Caregiver Listening Sessions to receive feedback from caregivers about the services and support they need from the VA Caregiver Support Program. We hope to identify gaps and challenges facing caregivers and help drive future program improvements.

## We want to hear from you:

- Do you have unmet needs as a caregiver?
- Do you have ideas on how to strengthen the support offered to Caregivers of Veterans from all eras?
- Do you have rich experiences as a caregiver that you would like to share with others?

## Help us serve you better.

### Who can participate?

Anyone who is a caregiver of a Veteran! The listening sessions will focus on the Program of General Caregiver Support Services and we welcome anyone caring for a Veteran, whether they are enrolled in the VA's Caregiver Support Program or not.

### When are the sessions?

The National Caregiver Support Program and Care Management & Social Work staff will host 4 separate one hour long listening sessions virtually in September.
